

Open Doors

Sunday 18 October - Iran Praise God for increased openness to the gospel across Iran. Pray that believers would have wisdom and boldness to share the hope they have, and that God would provide opportunities and soft hearts.

Monday 19 October - Yemen Earlier in the year, the church suffered an intense crackdown, with church leaders arrested. Pray that the wives and children of imprisoned believers would know God's encouragement and provision for all their needs.

Tuesday 20 October - Saudi Arabia Pray for young people who become believers and face hostility from their families. Ask the Lord to strengthen and embolden His children to be salt and light before their parents and siblings.

Wednesday 21 October - Iraq Converts to Christianity and those who work with them are at great risk of persecution. One pastor asks, "Converts face very hard challenges because they are secret believers. Please pray for me and my family, that God will strengthen our faith and will protect us."

Thursday 22 October - Turkey Pray for Christians under growing pressure to renounce their faith in Christ. Ask the Lord to help them "continue to live [their] lives in Him, rooted and built up in Him, strengthened in the faith as [they] were taught, and overflowing with thankfulness." (Colossians 2:6-7)

Friday 23 October - Syria Earlier this year, a Christian was appointed mayor of the city of Al Suqaylabiyah in Syria. Pray for Adeeba Mikhail Mansour and for wisdom, godliness and courage

Saturday 24 October - China Praise God that Zhang*, husband of underground church leader, Jinyi*, has been released after spending months in prison. Pray for healing and wisdom as he adapts to life after prison.

Lifecentre Salford (Chris and Andy Lane)

Paired-Up Reading: Both projects have started again after the summer break. We've had lovely feedback from volunteers, children and care home/school staff as to the benefits of the project. Sadly, one of the volunteers is unwell and so cannot be around for the next few weeks. Please pray for a swift recovery and that a replacement can be found in the meantime.

The Sound Space: The weekly session where we offer musical play therapy for children. Please pray for funding applications to be successful so we can expand and for a potential new session that is currently being discussed.

Breakfast Group: Our programme helps children learn to understand and express their emotions, develop positive relationships and skills to support them at school. Please pray that this will be really effective and pray for strong connections with parents. Also pray for referrals of new children to attend the group who will benefit from this support.

Little Stars' Kitchen: Pray that our parent-and-child cooking sessions are filled with joy and opportunities for families to experience Jesus' love and form new friendships. Also that we will engage the families in other church related activities and events.

Family Faith Explorers: We're preparing for this new course which will be piloted in November and December. Using LEGO, these monthly events will help families explore faith together. Please pray it will be a fun, welcoming space where families encounter Jesus and make connections with the wider Church.
